Westbridge Agricultural Products Welcomes New Hire Kristina Short

Vista, CA. Kristina Short, of Chico, California, has joined Westbridge Agricultural Products as its newest regional sales manager. Kristina joined Westbridge in November and will be responsible for the North Inland California and Southern Oregon regions.

Kristina has a strong background in agriculture, with over ten years experience in the industry. Before joining Westbridge, Kristina worked as Northern California Regional Manager for Helena Research and Development.

Kristina received a degree in Agriculture, Crop Science at California State University in Chico. She is a licensed Pest Control Advisor and has a Qualified Applicators License. *"We are very pleased to have Kristina join us. Her knowledge and background will be extremely valuable for Westbridge and its customers,"* says Westbridge president, Tina Koenemann.

Westbridge Agricultural Products has been a wholesaler of specialty liquid fertilizers and crop protection products since 1982. From its TRIGGRR[®] and Organic BioLink[®] products to SUPPRESS[®] Herbicide EC and Blossom Protect[™] and Botector[®] biocontrols, Westbridge provides a portfolio of high quality inputs and other products to meet the grower's crop production needs.

For questions in North Inland California or Southern Oregon regarding Westbridge products, please contact Kristina at (530) 520-8377 or kshort@westbridge.com.
