

**December 17th, 2020  
9:00am-11:00am**

Westbridge Agricultural Products and Nutrien Ag Solutions present:  
***“Organic Herbicide Updates”***

Moderated by **Karen Watts** of Nutrien Ag Solutions

9:00 a.m. - 10:00 a.m.

**Glyphosate Alternatives and Organic Herbicides in Landscapes**

*Karey Windbiel-Rojas: Associate Director for Urban & Community IPM / Area IPM Advisor*

Speaker will discuss efficacy data from recent herbicide trials for several organically acceptable herbicides and other non-glyphosate alternatives. Presentation will address preliminary data along with factors to consider for organic herbicides use including signal words, personal protective equipment, cost, and frequency of reapplication.

10:00 a.m. - 10:30 a.m.

**Updates on SUPPRESS® Organic Herbicide**

*Kristina Madden, PCA: Westbridge Agricultural Products Sales Representative*

Speaker will go over agriculture pesticide label including application techniques, worker safety, storage, etc. Speaker will also review best use guidelines for using pesticide and review field trials. Product to be included is SUPPRESS® Herbicide EC.

10:30 a.m. - 11:00 a.m.

**What's New**

*Heather Palmer, PCA: Westbridge Agricultural Products Sales Representative*

*Jon Martin, PCA: Westbridge Agricultural Products Sales Representative*

Speakers will go over new pesticides labels including application techniques, worker safety, pre harvest interval, etc. Speakers will also review best use guidelines for using pesticides and review field trials. Products to be included are Botector®, Blossom Protect™, and Gargoil®.
