PRODUCT INFORMATION

SUNBurst Liqui-K Sil+ is a liquid plant food containing potassium essential for photosynthesis, stomatal opening, carbon dioxide uptake, water conservation and leaf strength. The silica in this product also helps with leaf strength and the humic acids help to increase nutrient uptake.

SUNBurst Liqui-K Sil+ is non-phytotoxic when used as directed.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USING.

Always read and follow use directions. Do not tank mix.

Turf: Use 4 ounces per 1,000 square feet every 30 days throughout the growing season. Tank mix with a minimum dilution of 1 to 100 parts of water.

Nursery: Use 1 ounce per gallon of water as either a soil drench or foliar spray. Repeat application every 14 to 30 days.

Fruits, Vegetables and All Other Crops: Use 1 gallon per acre throughout the growing season. This product can be applied to all vegetables, fruit trees, nut trees, and vines. Apply as a soil drench or a foliar spray.

SUNBurst Liqui-K Sil+ is non-phytotoxic when used as directed. Always test a small plot before large-scale application.

Compatibility: **SUNBurst Liqui-K Sil+** is compatible with most liquid fertilizers, insecticides, fungicides, herbicides and nematicides. Check the compatibility of untried chemical mixes using a standard jar test. Always jar test when in doubt. Do not combine with phosphorus.

Use best management and use practices when applying **SUNBurst Liqui-K Sil+**. Use additional fertilizers as needed, based on soil and tissue testing.
