PRODUCT INFORMATION

XENA® Spreader-Sticker is an environmentally-friendly, biodegradable, natural adherent designed to increase the spreading and adhesion of pesticides to the plant.

Due to its dispersing capacity, **XENA® Spreader-Sticker** allows for a homogenous distribution of the applied chemicals.

XENA® Spreader-Sticker improves the effectiveness of pesticides by reducing the wash off by rain or irrigation.

XENA® Spreader-Sticker is not for aquatic use.

DIRECTIONS FOR USE

BioLink® Spreader-Sticker can be applied to all crops including fruit trees, vines, tree nuts, fruits and vegetables, field and row crops, ornamental trees, shrubs and flowers, containerized plants, and turf. Always perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.

Compatibility: When mixing **XENA® Spreader-Sticker** with any other products read and follow the precautions, restrictions and recommendations on all product labels. A standard jar compatibility test should be conducted before using any new mixes. **DO NOT apply this product when temperatures are above 85°F (29°C) with Copper and/or Sulfur in the tank mix.**

Recommended Use Rates: Always add **XENA® Spreader Sticker** last, after all other products have been added, when spray tank is ¾ full and with agitation.

Ground or Aerial Applications: For ground application use up to 4 fluid ounces per 100 gallons of water. For aerial application and for SUPPRESS Herbicide use up to 16 fluid ounces per 100 gallons of water. Follow side chart for rates.

Nursery & Container: Use 1 teaspoon (5 milliliters) per 5 gallons of water.

Home & Garden: Use 1 teaspoon (5 milliliters) per 5 gallons of water.

For other applications refer to the Suggested Use Rates for **XENA® Spreader-Sticker** per Gallons of Spray Mix table on the right.

Suggested Use Rates for Spreader-Sticker per Gallons of Spray Mix

Gallon of Spray Mix	Ounce of Xena Spreader-Sticker
50	2
100	4
150	6
200	8
250	10
300	12
400+	16

STORAGE AND DISPOSAL: Store out of direct sunlight and at temperatures above freezing (0°C). Triple rinse and offer empty containers for recycling or reconditioning, or dispose of in a sanitary landfill.

NOTICE OF WARRANTY – READY CAREFULLY. Westbridge warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use. The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks associated with use. Buyer assumes all risks associated with use of this product contrary to label instructions or resulting from extraordinary conditions. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Westbridge. In no case shall Westbridge Agricultural Products be liable for special, indirect or consequential damages resulting from the use or handling of this product and no claim of any kind shall be greater than the purchase price of the product in respect of which such damages are claimed. Westbridge makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
